

Terms and Conditions

Effective Date: 2024-12-16

Welcome to Hzma ERP ("we," "our," or "us"). By accessing or using our platform, you agree to be bound by the following terms and conditions.

If you do not agree to these terms, please refrain from using our services.

1. Acceptance of Terms

By using our services, you confirm that you are at least 18 years old or have parental consent to use this platform.

These terms constitute a legal agreement between you and Hzma ERP.

2. Services Provided

Hzma ERP offers enterprise resource planning (ERP) solutions, including but not limited to project management, user management, proposals, invoicing, and AI integrations.

3. User Responsibilities

- Ensure that all information provided during registration is accurate and up-to-date.
- Use the platform only for lawful purposes and in compliance with applicable laws.
- Maintain the confidentiality of your login credentials.

4. Prohibited Activities

You may not:

- Use the platform to transmit harmful or illegal content.

- Attempt to reverse-engineer or exploit any part of the platform.
- Disrupt or interfere with the operation of the platform.

5. Fees and Payments

Subscription and payment terms are specified on our pricing page. Failure to make timely payments may result in suspension or termination of your access to the services.

6. Termination

We reserve the right to suspend or terminate your account if you violate these terms or engage in prohibited activities.

7. Limitation of Liability

Hзма ERP shall not be held liable for any direct, indirect, incidental, or consequential damages arising from the use or inability to use our platform.

8. Intellectual Property

All content, trademarks, and intellectual property on the platform belong to Hзма ERP. Unauthorized use is strictly prohibited.

9. Governing Law

These terms are governed by the laws of Riyadh, Saudi Arabia, without regard to conflict of law principles.

10. Amendments

We reserve the right to update these terms at any time. Changes will be communicated to users via email or through the platform.
